Sir,

Tolls - Bellary Cantonment.

I forward herewith correspondence that has taken place between the Secretary Cantonment Committee Bellary and the Chairman, Municipal Council, Bellary on the subject of charges made against the Cantonment Fund as a share in the payment of toll expenses, with the request that you will kindly issue a definite ruling on the subject.

I strongly recommend that orders issue to the effect that the Municipality shall pay to the Cantonment from 1st April 1923, one third share from gross income and subsequently claim separately the incidental charges of tom-tom printing notices, preparation etc. of notice boards except on repairs to toll gates, also that the Municipality refund to the Cantonment the sum of Rs.[illegible]-15-6 for 1921-22 which, to my mind, does not consitute a fair charge.

I have the honour to be,
Sir,
Your obedient servant,

Major-General,
Commanding, Madras District.

Office of the Cantonment Authority

From, Bellary. dated 29-8-1922.

The Secretary,
Cantonment Committee,
Bellary.

To,

The Chairman,
Municipal Council,
Bellary.

Sir,

Reference your G.C.R.No.1003 dated 15-8-1922. I have the honour to enquire as to how the amount of Rs 112-15-6 was arrived at. Hitherto such charges were being paid from the Cantonment Fund separately after the receipt of lettersfrom you. For an example please peruse your No. G.C.R.1203 dated 16-8-1920. The deduction of the above amount in the onset from the contribution for 1921-1922 does not agree with the accounts rendered to the Headquarters and the Accountant General, Madras.

2. As regards the payment of monthly kist vide this Office Nos. C.1067 dated 22-6-1922 and 1224 dated 11-7-1922, the kist due for June was paid by you on 29-7-1922. Hence you are liable to pay the interest at 6% per annum as resolved already. I request therefore that you will kindly credit the amount of Rs 112-15-6 with penal interest for June 1922 into the Treasury, and the receipt sent to this office at your earliest convenience.

3. According to your Challan Memorandums a third share of tolls was paid to this office from the net revenue as per G.O.No.230 M dated 17-2-1903 between 1904 to March 1908, and from 1-4-1908 two nineths share in the absence of G.O. or specific orders from Head Quarters. The less payment of the latter share was evidently lost sight of by the Cantonment Committee and the Head Quarters, and when the details had gone into the old correspondence, the fact came out to light. Para 293 of the M.A.Code referred to by you has been noted, and the same does not apply in this case unless the collection of tolls is conducted departmentally, but by contract system every year. Anyhow the Cantonment is entitled to get I/3 rd share of tolls from the net revenue after deducting incidental charges on toll sheds from the gross income in future, i,e, from 1-4-1923. A reference has since been made to the Head Quarters for orders on the subject.

I have the honour to be,
Sir,
Your most obedient
Servant,

Cantt. Magistrate.

Sir,

Municipal contribution to the Cantonment, Bellary.

Your Memo - 9533-1 L & M. dated 21-4-1923.

Originally the rate of contribution prescribed in G.O.No.230 M. dated 17-2-03 was one third of the net receipts. Or in the alternative one third of the gross receipts subject to recovery from the Cantonment of a proportionate share of the expenditure incurred by the Municipality in maintaining the Toll gates. Later on in 1908, this contribution was reduced to 2/9 of the gross received. The authority for this reduction is not forthcoming either in the Municipal office or the Cantonment office. It appears to have been destroyed However, the fact remains that the contribution was mutually accepted and continued till 1921 when it was further reduced to 1/6 share. This final reduction was approved by the District Commander in his No.297/330 dated 4-7-22 and was meant to be in force only up to 31-3-23.

So far the Municipality has been following the arrangements agreed on except that it seems to me that having reduced the Cantonment share to 1/6 they ought not to demand a repayment of a proportionate cost of upkeep. Now the Cantonment disputes its liability to pay the 1/6 share of expendi-

expenditure incurred by the Municipality in maintaining the Toll gates. Under article 293 of the Municipal Account Code the Municipality is competent to levy a proportionate share of expenditure and todeduct it from the contribution due to the Cantonment.

As regards the contribution of 1/3 of the gross receipts, claimed by the Cantonement, the Chairman Municipal Council says that his municipality is too poor to pay it. Moreover, the question affects the contribution due to the District Board also. The Municipality may therefore be given some more time to consider the matter.

The reference with all its enclosures received from you is returned herewith.

Subject:- Toll contribution.

C/No 9583 from the Genl officer Commanding Madras Dt No 257/53/9 dt 5.4.23.
[Memo No 9583-1 Comdt 21.4.23]
C/No 1474 from the Collr of Bellary No 2011/23 dt 15.6.23.

The three points raised by the General officer Commanding Madras Dt are:

P.C.F

(1) that the Bellary m.c. should be asked to pay the Cantonment authority a Contribution of 1/3 of the gross income from tolls,
(2) that the incidental charges of collection of tolls should be claimed separately by the municipality.
and (3) that the m.c. should be asked to refund a sum of Rs 112-15-6 ~~as at~~ for 1921-22.

P.15.C.F

The collector's remarks were called for in this regard and they will be found at pp 14 & 15 C.F.

2. Items (1) & (2) above. The Council was paying a Contribution of 1/3rd of its gross income from tolls from 1903-6/1908, 2/9th from 1908-6/1921 and 1/6th ~~from 1921-23~~ for 1921-23 & 1922-23. The authority for the reduction from 1/3rd to 2/9th is not traceable. The

Circumstances under which the reduction from 2/9[1] to 1/6[1] was agreed to by the Dr Commander are not known. The reversion to the 1/3rd share now would it appears hit the Council hard, especially in its present state of finances. Again, if the share due to the Cantonment authority is raised, the Dr Bd share of the contribution may also ~~to be raised~~ need revision, in which case the Mil share of the revenue from tolls will be considerably reduced. We may perhaps agree with the Collector in p/15 Cf his opinion that in view of the reduced rate (1/6[1]) the Council is paying, it may forego the incidental charges that may fall to the share of the Cantonment authority. If this is approved the General officer's second request that the Council should claim the incidental charges separately will not arise.

3. ~~(3)~~ Item (3) above. Please see pp3 & 5 Cf. The claim made for the refund of Rs 112-15-0 cannot, it appears, be sustained. The Bellary Cantonment ~~Rs 1 8 0 15~~ was excluded from the Mil limits from the 1st April 1903 under the arrangement approved from Govt 230 M, D

27.6.23.
Rec'd 28-6-23

(A) 17th Febry 1903 ∴ the establishment of fresh toll gates ~~etc~~ between the Cantonment & the City was prohibited: the Cantonment was to maintain the toll gates which existed within its limits, but the Mil Cl was to continue to work these gates as formerly under the Cantonment Committee, paying quarterly to the Cantonment fund one-third of the net revenue from tolls. The toll contribution has gradually been reduced without reference to fluctuations in the toll revenue. It is not clear whether ~~that~~ the other arrangements mentioned above continue. Probably they do. The Govt have generally refused to interfere in the matter of the distribution of the toll income between Dt Bd & Mil Cls & have informed them in cases of dispute that the matter should be settled between themselves. They have also advised to appoint a joint Committee under Sec 26 of the Dt Mun Act to settle the dispute. In the present case as the M.C., Dt Bd & Cantonment Committee are concerned, the three bodies may be advised to settle the

dispute by obtaining a joint Committee. In case of disagreement, for a Committee may decide the matter & authorize the Crown to do so; under the last portion of Item 26.

ORDER
Mis.

In their order No. 230 M dated 17th February 1903, the Government approved the proposal of the Officer Commanding, Bellary that one third of the net revenue from tolls collected by the Bellary Municipal Council should be handed over by quarterly instalments to the Bellary Cantonment fund, after the cantonment area was separated from the municipality. Upon this arrangement the maintenance of the toll gates within cantonment limits devolved upon the cantonment committee, and the Municipal Council continued to work the gates as farmers under the cantonment committee. The establishment of fresh toll gates between the cantonment and the municipality was also prohibited. It is now reported that the toll contribution to the cantonment committee was reduced to 2/9th of the gross income in 1908 and to 1/6th in 1921, that the authority for the reduction in the former case is not forthcoming but that in the case of the latter the reduction was approved by the Officer Commanding and was meant to be in force only up to 31st March 1923.

2. The General Officer Commanding Madras District now requests

(1) that the municipal council may be asked to pay 1/3rd of the gross receipts from tolls from 1st April 1923,

~~(2) that the municipality should~~ subsequently claim ~~separately~~ the incidental charges of collection of tolls etc. excepting the charges on repairs to toll gates, and

(2) that the ~~municipality~~ Council should refund to the cantonment Committee the sum of Rs.112-15-6 which it had ~~spent on reducing toll sheds~~ repairing ~~in 1921-22 and~~ now deducted from the ~~gross~~ Gross receipts from tolls for ~~that year~~ 1921-22 on account of the proportionate cost of repairing toll sheds.

3. The Government ~~do not generally~~ consider that ~~interfere in the matter of the distribution~~ the proportion in which the municipal ~~or~~ toll income above sums between local authorities, it should be settled by mutual agreement among the local bodies concerned. The Bellary Municipal Council, the Bellary District Board and the Bellary Cantonment Committee are therefore requested ~~advised~~ to appoint a joint committee under section 36 of the Madras District Municipalities Act, 1920, and section 30 of the Madras Local Boards Act, 1920 and to refer the question to that committee ~~with a view to an amicable~~ for settlement.

The Municipal Council ~~pay also a~~ contribute also to the Dist Bd a portion of its receipts from tolls.

4. If, ~~however~~, ~~any difference of opinion arises among~~ the local bodies ~~acting in this behalf~~ are unable to come to an agreement the fact should be reported to Government.
